Mayor Slavin called the meeting to order at 10:00 AM

**WSSC Application**

WSSC made a general presentation to the Council and Mayor about the reason for the projects they are proposing within the Somerset community. The Town Council, Mayor

and staff asked various questions such as: the timing of the project in relation to Town future paving, trees that may be affected, how the project would affect residents walking to the Town Pool, how manholes are repaired, how WSSC will be deploying its crews to complete the work and bonding requirements for the public right of way. Town Inspector Plummer introduced a list of conditions for the project, and Dr. Feather provided a preliminary tree protection plan. Julie Burfield, Essex spoke about a project that was done several years ago by WSSC and how this project was related to it. It was determined that Julie would speak with WSSC following the meeting. It was determined that since the Council and Mayor were going to be having a budget workshop session today as well, this meeting would be continued until March 18, 2013 at 630 PM.

**Meeting adjourned at 10:50 AM**
